THE SUB-MOA SPOONIE CHALLENGE!

HERE'S HOW THIS WORKS: Place this sheet out at 100 yards (50 yards for 22LR), and shoot a single shot at each target. Your goal is to get a row of 5 all within the target (Use the inner circle for 50 yards, the outer circle for 100). If you successfully complete a row, take a picture of it and visit https://submoaspoonie.com to find out how to get your own limited-edition Sub-MOA Spoonie morale patch!
